

Login to the NEW Aeries

This guide will walk you through two of the most common issues we've seen when trying to login to the NEW Aeries.

1 - Check to make sure you have the correct link.

2 - Clear your Cache if you don't see the correct login screen.

1 - The link for Aeries has changed. If you had a bookmark you used for Aeries last year, it will direct you to the old website. The new link is: <https://reddingescd.aeries.net>

If you'd like to jump straight to the staff or teacher links, they are as follows:

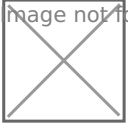

Teachers: <https://reddingescd.aeries.net/teacher/Login.aspx>

Staff: <https://reddingescd.aeries.net/admin/Login.aspx>

Alternatively, these links can be found on your school website under the Staff Resources page.

2 - If your Aeries login doesn't display the username and password on the same screen like the picture below, you might need to clear your cache before you can login. It's only a few steps, and they're detailed below.

image not found or type unknown

If you don't see this login, you might need to clear your cache.

2.1 - To clear your cache, click the 'SITE INFORMATION' icon in the search bar:

image not found or type unknown

2.2 - After that, click on 'SITE SETTINGS':

image not found or type unknown

2.3 - And finally, click on 'DELETE DATA':

image not found or type unknown

You have now successfully cleared your site cache. Now you can close this page and reload the Aeries web page. You should now see the correct login screen!

Don't forget! You don't need to sign in with your email suffix (rsdnmp.org) just your username will suffice. Please reach out by submitting a ticket if any of the above didn't resolve your issue!
